SUMMARY:

Experienced front-end developer with 3 years of expertise in creating user-friendly and visually appealing interfaces.

SKILLS:

Javascript React Git HTML5 CSS3 Grid Bootstrap VSCode Agile/SCRUM Java
Figma AdobeXD Linux PHP SQL

WORK EXPERIENCE:

Right Dev Ltd - Junior Front-end Developer Intern

05/2021 - 09/2021

- Collaborated with UX designers to implement responsive design principles, ensuring optimal website performance across various devices and screen sizes.
- Contributed to the development of 2-3 website projects, delivering them within tight timelines and budget constraints, while adhering to high standards of quality and accessibility.
- Conducted usability testing and implemented user feedback to improve website accessibility and overall performance.

RELEVANT PROJECTS:

Portfolio Website - Software Developer

03/2022 - 03/2022

- Developed a responsive portfolio website using HTML, CSS, and JavaScript, resulting in a user-friendly and visually appealing online presence.
- Implemented custom animations and interactive features using JavaScript and CSS, resulting in an engaging and interactive user experience on the portfolio website.
- Utilized build tools like Parcel to streamline website development and prepare the portfolio website for production, resulting in a fast and optimized website performance.
- Maintained and updated the portfolio website using version control tools like GitHub, ensuring continuous delivery of new features and improvements to the site.

No More Waste (Capstone Project) - Front-end Developer

09/2022 - 04/2023

- Implemented the front-end portion of the web application using HTML, CSS, and React, resulting in a responsive and engaging user interface.
- Worked collaboratively with a team of developers in an agile environment, participating in weekly scrum meetings and providing feedback on project progress to other classmates.
- Leveraged version control tools like GitHub to manage the codebase and ensure smooth and efficient collaboration among team members.
- Participated in code reviews and provided feedback to team members, contributing to a culture of continuous learning and improvement within the development team.

EDUCATION:

2018 - 2023 | University of Regina Bachelor of Applied Science - Software Systems Engineering
